Featured Books Coming in July

Angels Fall
 by Nora Roberts
 Roberts's latest novel of romantic suspense is a cunningly calibrated

portrait of a young chef's recovery from violent trauma. A slow-burn start combusts in a satisfying denouement; Roberts's legions of fans will be enthralled.

Deal Breaker
 by Harlan Coben
 A phone call from a woman everyone believes is dead begins a

sports agent's tale of trying to unravel the truth about a family's tragedy, a woman's secret, and a man's lies. He's up against the dark side of the business-where image and talent make you rich, but the truth can get you killed.

Judge & Jury
 by James Patterson
 Bestselling author Patterson returns with the #1 blockbuster thriller of the summer, an un-

stoppable novel of law and revenge. Here he spins an all-out heart-pounding legal thriller that pits two people against the most vicious and powerful mobster since John Gotti.

Night Light
 by Terri Blackstock
 In the face of a crisis that sweeps everyone back to the age before electricity, one family faces a choice. Will they hoard their

possessions to survive, or trust God to provide as they offer to others? #1 bestselling suspense author Blackstock weaves a masterful *what-if* series in which global catastrophe reveals the darkness in human hearts—and lights the way to restoration for a self-centered world.

Online Resource of the Month—NetLibrary & HeritageQuest

NetLibrary provides over 28,000 electronic full text editions of books. These are the exact same books you would find in print, but are fully searchable and can even be read cover-to-cover online. At NetLibrary you'll find reference works, scholarly monographs, literature and fiction. This eBook collection includes titles from the world's leading business, technology, trade, reference, academic, and scholarly publishers. Search for books by title, author, keyword, publisher, publication date, or ISBN number.

HeritageQuest provides a unique and continuously expanding collection of research materials to help you trace your family lineage and American culture. Beginning with more than 25,000 family and local histories, HeritageQuest Online is growing to include the complete U.S. Federal Census from 1790-1930, the Periodical Source Index (PERSI), the Revolutionary War Pension Applications & Bounty Land Warrant Applications, and the Freedman's Bank Records.

HeritageQuest provides many of the most-requested resources for genealogists and local historians. This collection of digitized material is unlike anything else online today, and helps put family research in an historical, social and cultural context.

It's YOUR Library...

We asked Library Patron **Richard Dickerson** what he has to say about HIS library....

As a resident of Pecos County for many years, it has been my good fortune to be associated with the Fort Stockton Library; not only as a patron, but as a participant in numerous

programs. The library is staffed with some of the best people you will find anywhere. They truly care about the residents of the county, especially the children. The library is a precious resource to the kids and I encourage everyone to support it.
